Volume II - Remedial Investigation

Site 31

HLA Project No. 23366 041721

This document was prepared by Harding Lawson Associates at the direction of the U.S. Army Corps of Engineers (COE) for the sole use of the COE and the signatories of the Federal Facilities Agreement, including the Army, the U.S. Environmental Protection Agency, the Department of Toxic Substances Control (formerly, the Toxic Substances Control Program of the Department of Health Services), and the Regional Water Quality Control Board, Central Coast Region, the only intended beneficiaries of this work. No other party should rely on the information contained herein without prior written consent of the COE and Army. This report and the interpretations, conclusions, and recommendations contained within are based, in part, on information presented in other documents that are cited in the text and listed in the references. Therefore, this report is subject to the limitations and qualifications presented in the referenced documents.

This final version of the Site 31 Remedial Investigation addresses comments received on the Draft Final version of the report dated December 1994. Responses to agency comments on the Draft Final report are included in Volume VI of this report. No text changes have been made to the Draft Final version of this report as a result of the agency comments.

Volume I Background and Executive Summary

Binder 1 Background and Executive Summary

Volume II Remedial Investigation

Binder 2 Introduction
Basewide Hydrogeologic Characterization Text, Tables and Plates
Binder 3 Basewide Hydrogeologic Characterization Appendixes
Binder 4 Basewide Surface Water Outfall Investigation
Binder 5 Basewide Background Soil Investigation
Basewide Storm Drain and Sanitary Sewer Investigation
Binder 6 Sites 2 and 12 Text, Tables, and Plates
Binder 7 Sites 2 and 12 Appendixes
Binder 8 Sites 16 and 17
Binder 9 Site 3
Binder 10 Site 31
Binder 11 Site 39 Text, Tables, and Plates
Binder 12 Site 39 Appendixes

Volume III Baseline Human Health Risk Assessment

Binder 13 Baseline Human Health Risk Assessment

Volume IV Baseline Ecological Risk Assessment

Binder 14 Baseline Ecological Risk Assessment Text, Tables and Plates
Binder 15 Baseline Ecological Risk Assessment Appendixes A through J
Binder 15A Baseline Ecological Risk Assessment Appendix K
